# Exterior Detailing and Multi-Packs

## S-A-S Heavy Cutting Paste (Stage 1 of 3)

The first of three stages of cutting compounds. Designed as an aggressive stage of polishing. It will remove scratches of 1200 grit sandpaper and swirl marks with ease, preparing for our Medium Cutting Paste.

- Formulated with high cutting abrasives and fillers
- Contains kaolin clays to help refine, restore and cleanse your vehicle's paintwork

Part No.	Qty	Description
<b>SAS2501A</b>	1	500ml Flip Top Bottle

## S-A-S Medium Cutting Paste (Stage 2 of 3)

The second of three stages of cutting compounds. Formulated with diminishing abrasive chemistry. This means the particles of abrasive start off large, getting smaller the more you work with them - in effect lowering the cutting power over time.

- Refines, restores and cleanses vehicle paintwork
- Contains the highest grade of fillers and kaolin clays
- Helps to even out the deeper cuts of our Heavy Cutting Paste in preparation for our Fine Cutting Paste

Part No.	Qty	Description
<b>SAS2502A</b>	1	500ml Flip Top Bottle

## S-A-S Fine Cutting Paste (Stage 3 of 3)

The final of three stages of cutting compounds. Formulated with diminishing abrasive chemistry. This means the abrasive particles get smaller the more they are worked into the paintwork. This effectively means the cutting power of the compound reduces whilst you're using it, offering a more even and gradual application.

- Contains the highest grade of fillers and kaolin clays
- Refines and cleanses your vehicle's paintwork
- Designed as the final stage of polishing

Part No.	Qty	Description
<b>SAS2503A</b>	1	500ml Flip Top Bottle

## S-A-S High Gloss Polish

All-in-one wax and polish. Essential for any detailing enthusiast. Contains special abrasives and fillers to help remove paintwork defects.

- Infused with the finest grade Brazilian carnauba wax
- Long term protection
- High-gloss finish
- Protects against road debris
- UV protection
